

# Cub Cadet®

## ZTT EXCLUSIVE FEATURES

### **Comfort Package**

Includes a 36cm (14") soft-touch steering wheel, 15cm (6") of seat travel and high back seat

### **Heavy-Duty Hydrostatic Transmissions**

Provide durable, reliable power and a smoother ride. Offers more efficient transfer of power to the serviceable transmission while operating at cooler operating temperatures

### **SmartJet™**

Allows for ease of cleaning after mowing

### **RevTek™ Reverse Mowing Technology**

When conditions permit, you can go from forward to reverse caution mode using a simple, two-step process

### **Synchro™ Technology System**

Patented control unit synchronises steering of the front wheels and speed of the rear wheels based on input from steering wheel and accelerator

### **Premium Kohler® Courage™ Engines**

For longer engine life, quieter operation and a better ride. These engines are equipped with such features as full pressure lubrication, premium spin-oil filter and cast-iron cylinder sleeves

### **Cast-Iron Wide Track Front Axle**

For increased durability, while articulating to follow the contour of the terrain

### **Robotically Welded Steel Frame**

The powerful 12-gauge welded design lends to the durability, as well as versatility of the machine
